

Comprehensive Long Range Plan Committee (CLRPC)

The CLRPC is sponsoring two events on February 8th and February 9th.

The first event will be a Bemis Hall lecture Friday February 8th at 7:30 PM featuring Armando Carbonell, Chairman of the Department of Planning and Urban Form at the Lincoln Institute of Land Policy in Cambridge, MA. Mr. Carbonell will be discussing the importance of local planning to a regional vision and regional considerations that may be creatively applied to local visioning.

The second event will be CLRPC's second public forum to be held Saturday morning February 9th from 8:30 AM -12:45 PM. This event will be held at the Donaldson Auditorium at the Brooks School, Ballfield Road. The purpose of this event is to present some draft goals and policies informing the public on the direction of the CLRPC and to solicit feedback as well as new ideas from the public. After an initial session where participants will be asked about their likes and dislikes about Lincoln, the public will be asked to divide into breakout groups that will discuss the proposed goals and policies that are being considered by the various subcommittees. For more information please call Mark Whitehead, Town Planner at 781-259-2684.
