## Meet Our Director, Victoria Otis

Victoria Otis,  
Pierce House Director

The Town of Lincoln welcomed Victoria Otis as the new Pierce House Director in August, 2019. She came to us from The Stevens Estate in North Andover, MA where she was the Event Manager. Victoria graduated from Johnson and Wales University where she majored in Sports

Entertainment and Event Management in the school of Hospitality.

During her time in college, she was able to graduate with her Bachelors of Science Degree in just three years by completing one internship each year. Her first internship was working for a local DMC (Destination Management Company), second was Marketing Associate for the Kraft group, and third was business development for a local event planning company. This helped shape Victoria's career by giving her firsthand experience in the industry. Victoria resides in the Pierce House with her partner Richard, her Mini Australian shepherd puppy, Stella and her Bengal Cat Luna.

Victoria has worked hard getting The Pierce House presence known on social media including The WeddingWire, The Knot, Facebook and Instagram.

Victoria manages all activities in and around the House, as well as overseeing the security and maintenance of the House.

The Pierce House Committee is an advisory committee to the Select Board and meets the First Tuesday of the month at 4pm. <http://lincolntown.org/764/Pierce-House>

## Did You Know

The Pierce House and Park connect us with two Lincoln legacies. It's an architectural gem donated by a resident who loved the town. And it was farmland going back to the 1600's until the 20th century. More to come in future Newsletters!

## Visit the Pierce House Property

Trees and flowers around the pond are budding The Red Wing Blackbirds are back nesting in Pierce Pond. Stop by to see their beautiful plumage and hear their musical trill.
