

Radio Technical Committee

Meeting Notes for May 29, 2008 11:00 am.

Present: John LeGates and Paul Svetz

Also present at the table: Asst. Town Administrator Anita Scheipers , David Maxson and Lewis Collins of Broadcast Signal Labs (BSL)

Discussion Points:

1. Propagation Study - Study Scope of Work: The committee reviewed the previously submitted draft scope of work with David and Lewis. The BSL reps were able to demonstrate the high level of detail and accuracy of their computer generated modeling of radio wave distribution. Details of the goals of the study, and technical issues with the process of conducting the study were discussed. BSL agreed to present a revised scope of work and quotation as quickly as possible. They stated the study would likely not be able to be completed until late June at the earliest.
2. The date of the next meeting was not confirmed. It is anticipated the evening meeting will be used to have Ken Bassett explain his findings on the tower screening options. – Date TBD.
3. The meeting adjourned at 1:30 pm.
