

About the cover:

In November of 2006, an interested group of citizens requested that the Selectmen appoint an Ad Hoc committee to develop a Town Flag. The Committee was formed and moved quickly to gather public input regarding concepts, develop the proposals, provide public review of the choices, and present the final design to the Town Meeting in March, 2007. In June of 2007, the Flag was presented at the Massachusetts State House and is the newest flag to join approximately 300 other flags of the Commonwealth in the Hall of Flags. The Cover represents the final rendering of the flag. The Town applauds the members of the Flag Committee for their dedication and community spirit.

Flag Committee:
