TOUR OF THE STATE HOUSE AND LUNCH!
Come to the Massachusetts State House and the John Adams Courthouse on Wednesday, October 11. These historic and truly beautiful buildings house the story of Massachusetts. Think you know our history? John Adams’s passion for justice, community and learning are evident in the stunning 19th c. courthouse where the Supreme Judicial Court or Appeals Court meets right across the street from the Massachusetts State House where we begin our docent led tours. Do you know our state motto? Why do we have a state insect? Who owned this land? Who designed this beautiful building? Why is our Constitution so important? There is a lot to learn! We will leave Donelan’s parking lot at 9:15am sharp and plan to be back in Lincoln by 4pm. Lunch will be on your own at The Union Oyster House, the oldest continually operating restaurant in the country. The cost of the trip is $15 and is supported by the Hurff Fund so the trip is limited to Lincoln seniors. Both buildings have elevators but expect to be standing on both tours. Send your check payable to FLCOA, along with your phone # and email, to Donna Rizzo, 22 Blackburnian Road, Lincoln, MA 01773 or call 781-257-5050 or email donna@ecacbed.com.

LET’S BOWL!
Let's go bowling on Thursday, November 9th! Most of us haven't bowled in years and certainly not with large balls. Don't worry we will be using small balls (called candlepin bowling). We will have four bowlers to a lane and maybe get a little competition going. Afterwards we will head for an early dinner to a nearby restaurant to discuss our bowling skills or lack thereof. Details in future newsletters.

Lincoln seniors have first priority to sign up for trips. Younger Lincoln residents and out-of-town seniors may sign up after Lincoln seniors have had an opportunity to sign up.

THE LINCOLN ACADEMY LECTURE SERIES

Come to Bemis Hall on Mondays at 12:30 to hear a fascinating speaker from or associated with Lincoln. Bring a bag lunch. We provide beverages and dessert. The lectures last about an hour, including a question and answer period. Participants are welcome to stay after the program to continue their discussion.

This Month’s Speakers

September 11—Donald L. Hafner, Captain, Lincoln Minute Men: The “Inexplicable” Captain: William Smith and Lincoln’s Minute Men of 1775

What explains the election of William Smith as Captain of Lincoln’s minute men in 1775? A report in 2007 for Minute Man National Historical Park asserted that Smith’s election was “inexplicable,” and it does seem puzzling. Among the minute men were long-time Lincoln residents, military veterans, and men older than William Smith. Yet to command them in battle, they elected Smith, who had moved to Lincoln barely a year earlier, was only 28 years old, and had no military experience. Various explanations have been offered for William’s election, but are they persuasive? Come join the conversation, review the evidence, and judge for yourself whether William Smith was the “inexplicable” Captain. Donald L. Hafner is a retired professor of political science and a longtime member of the Lincoln Minute Men. His most recent book, published by the Lincoln Historical Society, is William Smith, Captain: Life and Death of a Soldier of the American Revolution.

September 18—Heather Korostoff Murray: African-American Improvisational Quilts

Quilt collector Heather Korostoff Murray introduces us to African-American improvisational quilts: the unique qualities of these extraordinary textiles, their possible African connections, and the stories behind their creators, including their inspirations and astonishing talents. Heather’s talk will focus on the lives and work of eight significant African-American improvisational quilt makers, with slides from her mentor’s (quilt scholar and curator Eli Leon) extensive quilt collection and research. On exhibit will be several antique and vintage quilts from her collection, illustrating the key characteristics of the genre.

September 25—Susan MacMillan Kains (Siusaidh Nic a’Mhaioilean Cahans): Gaelic Woman on a Braided Path

This presentation will trace the interweaving of Susan Kains’s life as a Scots-Gael, moving among and living with her Gaelic speaking relatives of Canada and the North American Indian tribes, especially the Oglala Lakota Sioux of western South Dakota, with whom she has been an adopted family member for 35 years.

SCIENCE AND TECHNOLOGY CLUB: THE SCIENCE AND ECONOMICS OF DEVELOPING NEW DRUGS

Every new medication undergoes years of development and testing between the initial spark of scientific innovation and the time patients’ lives are saved or improved. What is the scientific process of bringing a drug from idea to market and what are the costs involved that can raise the price of a medication to thousands, or tens of thousands, of dollars a dose? Find out when Mary Elisabeth Field comes to Bemis Hall on Thursday, September 21 at 10:15 am. Ms. Field, a Lincoln resident, has provided quality assurance and compliance services to Genzyme and other pharmaceutical corporations as they develop new medications for over 30 years.

Susan is a member of the Chinese Painting Guild of Boston, and is a featured artist on their website, chinesepaintingguild.org, and is also a member of the Su-mi-e Society of America, Sarasota, Florida Chapter. She has shown her work in the Annual Art in the Park exhibits at University Park in Sarasota, Florida since 2001 and has won many awards.
