Selectmen Peter Braun and Renel Fredriksen, Town Administrator Tim Higgins, Lincoln Public Schools Superintendent Becky McFall, and Lincoln School Committee Chair Jennifer Glass will present an overview of FY18 budget priorities on **Friday, February 10, at 12:30 pm**. Find out what is on the Annual Town Meeting warrant for the Town and School budgets. There will also be a discussion of the current status of a Lincoln School building project, and any related warrant articles that might be up for a vote at Town Meeting as well as Town-related projects and initiatives. This is your opportunity to discuss the budget, the School building project, and other Schools and Town-related topics in an informal, conversational setting. They welcome your questions, your ideas, and your concerns!

WHAT YOU NEED TO KNOW ABOUT ANNUAL TOWN MEETING BYLAW PROPOSALS

Important new bylaws and changes to existing bylaws that affect your everyday life will be voted on at Annual Town Meeting in March. Come find out more and have a chance to ask questions in an informal setting when Jennifer Burney, Director of Planning and Land Use, and members of committees proposing the bylaws will be at **Bemis Hall on Friday, February 3 at 9:30 am**. One proposal would change the solar bylaw to reflect industry standards, eliminating the 12” setback requirement and adding in a waiver provision. Another would impose a possible moratorium on recreational marijuana. An Affordable Accessory Apartment Bylaw would create accessory apartments that qualify for the town’s affordable housing inventory. A proposed tax exemption would allow the portion of the property dedicated to an affordable accessory apartment to be tax exempt. A request to the Community Preservation Committee would create a fund for homeowners to access interest free loans for renovating or creating an affordable accessory apartment. Finally, a proposed amendment to a bylaw would allow the sale of farm products for conforming parcels between 80,000 square feet and 5 acres. Come find out more and bring your questions, concerns and ideas!

THE LINCOLN ACADEMY LECTURE SERIES

Come to Bemis Hall on Mondays at 12:30 to hear a fascinating speaker from or associated with Lincoln. Bring a bag lunch. We provide beverages and dessert. The lectures last about an hour.

This Month’s Speakers

February 6: Mark Hopkins—Walking the Thornfeld: Saving Africa’s Most Dangerous and Beautiful Creatures
Join Earthwatch volunteer Mark Hopkins as he hikes 60 miles through scenic thornveld landscapes, accompanied by an armed Zulu ranger, counting wild rhino, giraffe, buffalo, elephant, and a dozen other large mammal species, then returning to the campsite for close-up photographic visits with lions, leopards, hippos and crocodiles.

February 13: Tom Gumbart—Backyard Butterflies, Dragonflies and More
Lincoln’s Conservation Director, Tom Gumbart, will give a photo show and talk on insects and other small critters found locally. Featured photos will be close-up images, especially of pollinator species on flowers. Tom spent a significant amount of time this past summer taking photos, mostly at his home in Stow, and will share his experiences with the audience.

February 27: Ron McAdow and Betsy Stokey—A Visit to Cuba with MassAudubon
A highlight of 2016 for Lincoln residents Ron McAdow and Betsy Stokey was their participation in a MassAudubon birding trip to Cuba. Ron and Betsy will show their pictures and describe their impressions of the island nation that has been so close and yet so far for most of our lives. The photos include birds—but plenty of other subjects were also photographed, making this a presentation of general interest rather than just for the avi-centric.

SCIENCE CLUB: BREEDING & RAISING MINIATURE SHEEP IN LINCOLN
In 2008, Ray Tomlinson and Karen Seo began working on establishing Ouessant sheep in the United States, beginning in Oregon, later moving to Lincoln in 2010. This breed is the smallest in the world — 25 to 45 lbs. and 16 to 20 inches at the shoulder —about 1/4th the size of an average sheep. Unfortunately, they exist only in Europe from where it is illegal to import any kind of ruminant (cow, goat, sheep, etc.) into the U.S. So this has meant importing semen and upbreeding from a breed already present in the U.S., using artificial insemination to slowly, generation by generation, build a flock of increasingly purebred Ouessant sheep. Each succeeding generation of females is inseminated laparascopically with 100% Ouessant semen. So the filial generations are 1/2 Ouessant, then 3/4ths, then 7/8ths, and so on. Join Karen as she talks about her sheep, the statistics and process of upbreeding in a suburban environment, caring for and selling the sheep, and more on Thursday, February 16 at 10 am.

THE FIRESIDE CHAT: CIVIC ENGAGEMENT
What does it mean to you to be a "good citizen," whether of the town, the nation, or the world? What can and should we do as responsible citizens? How can we engage with others in listening and talking about public life? What are some ways we can still be a good citizen when we are limited in our participation, either by physical or other disabilities, a lack of finances, or other circumstances? Come join others in a lively but respectful discussion of this topic facilitated by Sharon Antia using questions and answers on Wednesday, February 22 at 10 am at Bemis Hall. The purpose of the Fireside Chats is not to convince others of your opinion, but rather to share information and ideas so as to create dialogue and greater understanding.
RAPTURE OF THE SENSES RETREAT
Nourish your body, soul, and heart through this special workshop celebrating loving ourselves. It will be held on Friday, February 17, from 11 am to 1 pm in Bemis Hall. Create bath bombs using dried flowers and essential oils, learn how to make a luxurious face cream; let your mind and nerves be soothed with love songs and poems; write a love poem to yourself; tantalize your taste buds with delicious, healthy treats to fall in love with! Please call the COA to sign up as space is limited.

CAPTURE YOUR VISION WITH DRAWING!
Drawing is a way to capture the world as you see it and the gateway to painting and other art forms. Learn to draw and you have created a new language for yourself! Get started when Bernadette Quirk, a local artist and experienced art teacher, teaches a four-session course on Wednesday mornings from 10:00 am to noon beginning February 8. This session will start with simple still life objects to develop skills in measuring and perspective. The cost is $20 for the course. No prior experience necessary or expected! We provide all supplies. Please call the COA to sign up as space is limited.

COFFEE WITH WATERCOLOR ARTIST JACK FOLEY
Join Lincoln artist Jack Foley for a celebration of his exhibit of watercolors at Bemis Hall on Tuesday, February 7, at 2:30 pm. Jack says, “I started painting watercolors in the early ’80s, usually just on vacations. I paint most of my watercolors on site and occasionally at my kitchen table. I sell paintings, donate them to charities, or just paint for fun. Lincoln’s a great place to paint.” His work has been shown at the Clark Gallery, Concord Art, the New England Watercolor Society, the Attleboro Arts Museum, and other venues. The exhibit will run through February.

COME SING ALONG WITH US!
Come join your neighbors who never miss a session. We’ll be at Bemis on Friday February 3rd from 12:30 – 1:30 when the Lincoln Traditional Jazz Band will be there to entertain you. There will be some good old tunes to sing along to, maybe Ain’t She Sweet or When You’re Smilin’ or All of Me or maybe something completely different this time. Maybe the music will put you in the mood to get up and dance like some of us do. Or maybe you’d prefer to just sit and tap your toes. See you there!

COMMUNICATING ACROSS LINES OF DIFFERENCE
Effective and respectful communication between people with differing characteristics and life experiences has never been more important yet can seem ever more difficult. How do we know if we have inadvertently offended someone and what do we do about it? How do we get started talking to each other about such topics as race, gender, economic status, and other such issues in a way that strengthens relationships as well as recognizes our many commonalities? Mandy Beal, Ministerial Intern at First Parish who has completed special training, will lead a discussion at Bemis Hall on Wednesday, February 8 at 9:30 am about communicating around lines of difference, focusing not on being “good” or “bad” but on effectiveness. The 90-minute session will include a short presentation on current thinking and research followed by a group discussion using reflection and questions and answers.

MUSIC INSTINCT: SCIENCE AND SONG—FILM AND DISCUSSION
Bridging time, geography and culture, music serves to unite all people around the globe. Come to Bemis Hall on Friday, February 24 at 12:30 to view the two-hour documentary, Music Instinct: Science and Song, that explores how and why humans are so inexorably affected by rhythm and melody. Art and science intersect as leading researchers and prominent musicians such as Bobby McFerrin and Yo-Yo Ma reveal surprising connections between music, the brain, the body and human evolution. After the movie, we will have time to share and discuss our own experiences with music and how it affects us and our lives.
