Town Committee or Organization (if applicable): Housing Commission

Brief description of the project: 1) Explore the need for community based housing for developmentally delayed or physically handicapped individuals with Lincoln connections
2) If need is established, identify potential sites and staffing

Time frame for completion of the project: First six months FY09

How does this project help preserve Lincoln's character or further its mission? Maintaining Lincoln's small town identity includes providing appropriate housing for all of its citizens. If there are Lincoln connected individuals who require appropriately designed and staffed housing to remain in our community with family and friends, we have an obligation to accommodate them.

What are your funding requirements for this project? TBA - under discussion at this time.
