

Lincoln Community Invited To Attend Regularly Schedule Campus Master Planning Committee Meetings

The Lincoln Campus Master Planning Committee (CMPC), composed of three At-Large representatives as well as representatives from the Lincoln Public Schools, Town Selectmen, Conservation Committee, Council of Aging, Parks & Recreation, the Planning Board, and Roadway and Traffic, is charged with studying the basic infrastructure and physical layout of the Ballfield Road campus and informing the planning for the contemplated school building and community center projects.

The CMPC, which was convened earlier this summer, must complete its work by December 31st of this year, and invites the community to attend any of their near-weekly committee meetings.

“The community’s awareness and involvement in this project is critically important,” notes Committee Chair Carole Kasper. “The Campus Master Planning Study represents a unique opportunity for Lincoln residents to look at the Ballfield Road campus in a truly holistic manner – to examine the different ways in which we use the schools, other Ballfield Road buildings and recreational facilities and determine how we can serve our community better. We welcome the community’s attendance at any of our regularly scheduled committee meetings and also encourage residents to attend one of the public forums.”

The CMPC’s full schedule of meetings and/or public forums is listed below. All meetings will take place at the Hartwell Multipurpose Room, unless otherwise noted.
