

Lincoln Conservation Commission
Native Plant Installation Application
Conservation@lincolntown.org

A. Date: _____

Property Address: _____

Property Owner: _____

Email Address _____ Phone Number: _____

B. According to Town maps, at least a portion of the property is within wetlands or buffer zones protected by the MA [Wetlands Protection Act](#) (310CMR 10.00) and/or [Lincoln Wetlands Protection Bylaw](#). Specifically, all or a portion of the property is:

- In Riverfront Area (land within 200 feet of the bank of a stream or river)
- In a Wetland Resource Area (wetland, marsh, pond, stream, or 100-year flood zone)
- In the Buffer Zone to a Resource Area (land within 100' of a stream, wetland, vernal pool, bank, pond).

C. Application Materials

- Informal Map.** The landowner must include an informal map with this Form. You may use a plot plan printed from the Town of Lincoln's GIS system <https://www.axisgis.com/LincolnMA/> . The map must show the following:
 1. Location of existing Wetland Areas and the 100-foot buffer zone, house, trees, & other relevant features.
 2. Location of proposed plants to be installed (numbered in a way that can be cross-referenced with the Applicant's planting list).
- Planting List.** The landowner must provide a list of native plants to be installed. The list includes number and species of each plant. Please verify that these plants are native to the New England region through the [Native Plant Trust website](#).

D. Maintenance Acknowledgement

I (Applicant) am aware that the success of native plantings is highly dependent on careful installation, regular waterings and management of non-native weeds, invasive plants and pests for the first few years after installation.

- Yes
- No

General Work Questions (Check "yes" or "no")

	Yes	No	Comments
Will all plants be installed by hand?			
Will there be any expansion of lawn?			
Will any existing vegetation be removed? (if invasive plants are to be removed, please fill out the Inv. Spp Removal Request)			
Are any chemical fertilizers, herbicides or pesticides proposed to maintain the plants?			
Do you plan on mulching the plants? Describe the material and amount (leaf mulch or straw is recommended).			
Are there steep slopes in/near the planting area? (if so, erosion controls may be needed)			

Is there anything else you wish to add about your planting request? Provide information in the space below.
