

Important Notice:

Water Main Replacement Project Begins Soon

Due to our aging water infrastructure, the Town of Lincoln wants to announce an essential water main replacement project on **Bedford Road** and **Lincoln Road**. This work begins the week of **June 16, 2025**. Our general contractor, ADPaolini LLC, will be leading this significant upgrade.

Project Details

This project involves replacing the existing water main and/or water services in two phases:

- **Phase 1** will start with the installation of temporary water services. This initial phase will cover the stretch from approximately **38 Bedford Road** (southbound), through the five-way intersection, continuing onto **Lincoln Road**, and concluding at the entrance to **Ball Field Road**.
- **Phase 2** is anticipated to begin in **Spring 2026**. This phase will pick up from the entrance to **Ball Field Road** and extend to just before **Route 117 (South Great Road)**.

What to Expect

- **Work Hours:** Construction will typically take place daily from **7:00 AM to 3:00 PM**.
- **Temporary Water System:** A temporary water system will be installed. If access to your water meter is needed for this, a representative from the Town or ADPaolini LLC will notify you on the day of.
- **Traffic Impacts:** Please be prepared for potential **traffic adjustments, detours, and delays**. We will make every effort to minimize any inconvenience, and emergency vehicles will always have access. Temporary paving will be installed as the project progresses with final paving occurring at the end of the entire project (2026).
- **Cut-in**
 - Work Notification to residents who will experience an interruption in water service, no less than 48 hours prior to interruption in water service.
 - The intersection of Bedford Road and the Lincoln Reservoir shall be completed between the hours of **9:00 PM and 5:00 AM**. No shutdown of water will occur prior to 9:00 PM.
 - Sandy Pond Road by Five Corners shall be completed between the hours of **9:00 PM and 5:00 AM**. No shutdown of water will occur prior to 9:00 PM.
 - Ballfield Road shall be completed between the hours of **9:00 PM and 5:00 AM**.

Questions or Concerns?
